

Herbicide Resistance Analysis for Blackgrass, Ryegrass, and Loose Silky-bent

Season 2025

Shipping of Seeds:

Freshly collected seeds can either be sent to us immediately or first dried for one week on newspaper at room temperature (e.g., on a windowsill). If sending seeds directly, please use only sturdy paper bags (**no plastic bags!!!**). Carefully package the paper bag in a small parcel and send it to us without delay. We will take care of further drying and preparation.

Further information can also be found on our website:: <https://www.plantalyt.de>

Shipping Address::

PlantaLyt GmbH
Vahrenwalder Str. 269 A
30179 Hannover
Germany

Analysis Order Form

Please tick the herbicides you would like to include and cross out any application rates you do not want if multiple rates are listed.

(Axial® 50, Focus® Ultra, Broadway® + adjuvant, and MaisTer® Power are standard treatments and will always be tested – they cannot be selected or deselected.

All other products and application rates can be selected additionally:

Herbicide	Application Rate	Price (excl. VAT)	Selection
Cadou® SC	0.24 / 0.3 / 0.35 / 0.5 L/ha	€21.00	<input type="checkbox"/>
